

## Building a Stronger Community & A Healthier Workforce

The following is a list of services providers who have informed OOHNA that they have capacity to provide occupational health services to help organizations combat COVID-19. OOHNA does not endorse, nor are we affiliated, with any provider and are providing this service free of charge to aid organizations in obtaining they help they need during this difficult time.

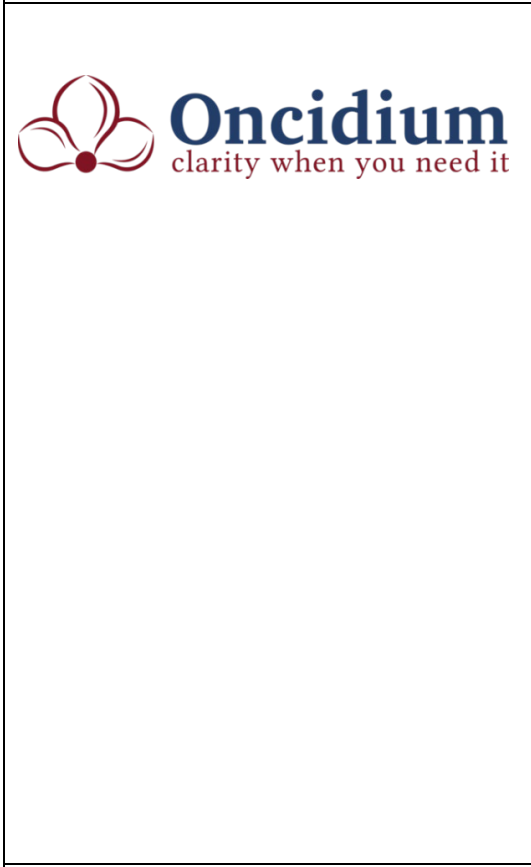

Occupational Health Service	Description
	<p><b>Medical Expert Advice</b></p> <ul style="list-style-type: none"> <li>Ask our occupational health team questions related to the COVID-19 pandemic (telephone consultation, and email).</li> </ul> <p><b>COVID-19 Screening and Triage</b></p> <ul style="list-style-type: none"> <li>Screening and triaging workers for COVID-19 (such as questionnaire, temperature checks) and reporting results back to company (e.g. “Requires 14 day quarantine”, “Recommended for COVID-19 Test”, “Fit for Work”, etc.</li> </ul> <p><b>Medical Staffing</b></p> <ul style="list-style-type: none"> <li>Provide companies with staffing solutions for medical practitioner requirements (NPs, RNs, LPNs, and Technicians) to help during the COVID-19 crisis.</li> <li>Onsite daily occupational health services can include COVID-19 screening, temperature checks, first aid treatment, injury management screening.</li> </ul> <p><b>Education and Webinars</b></p> <ul style="list-style-type: none"> <li>Provide education and guidance to assist and, enable companies to make decisions more effectively, including decision flow diagrams to assess whether their workers should come to work (<a href="https://www.drivercheck.ca/decision-trees">https://www.drivercheck.ca/decision-trees</a>).</li> </ul> <p><b>Mental Health Program</b></p> <ul style="list-style-type: none"> <li>Provide access to mental health programs that will assist your workers through this epidemic.</li> </ul> <p>Learn more here: <a href="https://www.drivercheck.ca/">https://www.drivercheck.ca/</a></p>
	<p>MCI is supporting Employers as well as employees with the following services during the Pandemic:</p> <p><b>Site Access Health Screening Services</b></p> <p>Employers are committed to protecting the health and safety of their employees. Reducing the risk of COVID-19 exposure to employees, visitors and contractors is a key component to maintaining business continuity. MCI is delivering Site Access Screening Services for clients.</p> <p><i>The program includes:</i></p> <ol style="list-style-type: none"> <li>MCI staff review the Ontario Ministry of Health COVID-19 risk questionnaire with participants</li> <li>MCI staff will take a tympanic (ear)/infra-red/thermal body scan temperature</li> <li>If there is an elevated temperature (&gt;38 degrees Celsius) or questionnaire response of concern, the participant will be denied access to the site</li> </ol>

MCI provides all resources, including PPE for staff, equipment and staff labour. MCI maintains records for all screened and will report totals to Project Managers as requested. <https://mcithedoctorsoffice.ca/occupational-services>

MCI is also offering:

- **COVID-19 RTW Physician Telephone Consultation**
- **Telephone Support Line for Employees' Questions/Concerns**
- **Occupational Health Nurse / Occupational Health Physician / Registered Nurse Site Services**
- **Virtual Care Visits for Employees**

Please see more at <https://mcithedoctorsoffice.ca/vcontario>. Contact Genevieve Sadak at 416-779-5246 or [gsadak@mcimed.com](mailto:gsadak@mcimed.com)

**Occupational Nurse Screening Program (Available Onsite and Telephonic).** This program is designed to screen for risk factors associated with COVID-19, in effort to avoid the potential of introducing the virus to the workplace with subsequent spread to local communities.

**Screening and Tracking Tool.** A critical tool that integrates the COVID-19 employee screening into an efficient on-line tracking vehicle for employees to remain at work and for those needing clearance to return to work.

**COVID-19 “Virtual” Strategic Guidance Seminar.** A seminar provides your team with essential information surrounding COVID-19 from a trusted and respected source, Dr. David Klein MD, FRCPC, MBA, St. Michael’s Hospital and Medical Advisor to Oncidium Health.

**Nurse On-A-Pager.** A program designed to provide 24-hour access to an occupational nurse to support the health and safety of your employees.

**Virtual Ergonomic Assessments.** With home workspace being viewed as an extension of the workplace, “virtual” ergonomic assessments are conducted in order to reduce the chance of injury.
